*To
Joseph
Barba*

To one who has been an inspiration to his students both from the teaching standpoint and his patience with his classes.

Organizer of Corcoran's first cross-country track team, he is truly a devoted teacher, both to education and to extracurricular activities. Many of the students count him as a friend as well as their teacher.

For these reasons, we are proud to dedicate the 1961 Harvester to Mr. Joe Barba.

SUPERINTENDENT'S MESSAGE

As students some of you look upon school as a chore, while others accept it as a challenge. Those who accept the challenge of school are not only providing themselves with the necessary base for a successful and wholesome future, but are also finding enjoyment from their present school days. It takes courage to pursue and concentrate on school work rather than "goofing off." However, the advantages gained easily justify the effort. Remember that your success may well depend on your courage in accepting today's challenges.

"God gave us two ends; one to sit on and one to think with. Success depends on which one we use the most. Heads we win, tails we lose."

Use your head, accept today's challenges, and be a winner in life.

PRINCIPAL'S MESSAGE

The class of '61 has a very challenging future because you are graduating at a very important time in our history. The '60's will bring many changes in our lives, and we urge you to take advantage of every opportunity.

High school graduation is a springboard to bigger and better accomplishments. Use your knowledge, develop your skills, and you will be assured of a wonderful life ahead.

Congratulations on your past achievements, but do not stop now.

May this book serve to remind you of your happy times at Corcoran Union High School.

LOWELL YEAGER

VICE-PRINCIPAL

Soon the many happy moments of your high school days will be but a memory and each of you will go his or her own way. Whatever you may choose as your vocation may it be a wise choice. Work diligently and learn to get along with your fellow workers and success will be yours. Above all, exercise your rights as citizens of our great nation and do your part in society to keep our nation free from the Khrushchevs and Castros of the world. Good luck and may God be with you.

DIRECTOR OF GUIDANCE

Especially now, in the Spring of the year, our thoughts and best wishes are focused directly upon you, the Senior Class, and upon your futures. It is our sincere hope that the many experiences you have shared here with your friends and teachers will not only become fond memories, but will be a solid foundation upon which you will build constructive and happy lives.

Many of you will be going on for further schooling but others will not. In any event, the friends you have made here will always be among your most cherished. In future years, as you look back through the pages of this 1961 Harvester, may you share many of the same thoughts and memories as those of your friends with whom you have spent the past four years.

Faculty

FACULTY HI-LITES

Things started rapidly this year with a teachers' institute for new and old teachers and the Kings County Teachers' meeting at Avenal. Several churches in the community sponsored receptions to acquaint teachers with community members.

The year also saw twelve new teachers at Corcoran High and the addition of four new courses: French, Business Law and Economics, World Geography as part of Orientation, and Spanish III.

As the year progressed, it was highlighted by several events such as the faculty Christmas party and, of course, the Thursday "get-togethers" for snacks and chat.

During the year many of the faculty were active in the P.T.A. and community organizations. Many of them expect to continue such work by going to summer school for professional advancement.

Seniors

The year started for the Class of '61 when their sweaters arrived. This started a fast pace of work that went from working in the concessions to Senior Ditch Day and Baccalaureate.

Also, it was their hardest year scholastically because it was their last chance for the best grades possible before leaving CUHS.

Their reward for this, and all their past year in Corcoran High, was graduation.

The class of 1962 was one of the most arduous group of workers this year. They worked toward one goal, the most fabulous Junior-Senior Prom in the history of Corcoran High School.

To finance the Prom, the Juniors sold Katydids.

On November 15 the Junior Class took a break from working toward the Prom and presented the play "Hobgoblin House" by Jay Tobias. The money from this gala affair went toward their Senior Trip next year.

The hardest year in high school is the freshman year.

A freshman has to get orientated with the school teachers, homework, and upper classmen. This year's Freshman Class of '64 came through with flying colors.

In the spring they presented the one big event of their Freshman year—the St. Valentine's Party.

The Freshman Class is looking forward to the next three years with genuine anticipation.

The 1961

The Harvester Staff this year has worked long and hard to publish the best yearbook possible and we can only say, "We hope everyone likes it."

The staff, consisting of juniors and seniors students, did most of the work after school and on week-ends. The addition of a few sophomores in the future is being considered.

To make the book one of the best in the history of Corcoran High, we have not only kept the Senior Index, but we have added a Durolith cover with three colors instead of two, and full color end sheets.

We would especially like to thank Mr. Godard for designing the cover of the 1961 Harvester.

The football team did an outstanding job this year although the total wins weren't too high. A number of experienced players returned to the Panthers, aiding in the team's performances.

A much better season is predicted for next year with continued good playing and coaching.

It should be kept in mind that this year's team was handicapped by new, inexperienced players as well as many injuries received by the players.

Coaches Fisher and Dempewolf have worked very hard this year in building up a better team for next year.

Corcoran — like so many other Valley communities — can look to Security for the wide range of services that only one of the world's great banks can offer. You'll like banking the Security way: the ready understanding of local problems . . . the fast action available through the bank's local Valley headquarters . . . the strength that stems from \$3 billions in resources.
